which any of the Examining Committee of was a very doubtful rumor to day that Mr. George Law was to take the management of the Empira City Bank, and to inject new capital enough to resuscitate

Several of the Savings Banks have been paying out cely to-day, most of the depositors in these institutiens being easily excited by rumors, and incapable of discriminating between a perfectly safe institution like the Chambers st., Bowery, Greenwich, &c., and such bogus affairs as the Eighth-av. concern. As far as the Chambers st. Bank is concerned, which some imid depositors were withdrawing their money from timid depositors were withdrawing their money from to day, it has a million of Government Stock on hand, for which it could obtain the gold from the Secretary of the Treasury in forty-eight hours—long before their supply of coin at present on hand could be exhausted.

The subscriptions to the bid for the Eric loan is going on quite favorably, but it needs the help of all the friends of the Road. It is confidently expected that large bids will be made from abroad at a considerably higher figure than the bid now being made up here.

We notice by the Liverpoel accounts that the indebtedness of Mr. Oliver reaches the large sum of £1,200,000. A number of his ships are hypothecated, and by these and other property the amounts reported as due by him to Messrs. H. & J. Johnston & Co. are secured, and such, probably, is also the case with the amount due the Bank of Liverpool.

The failure of Messrs. Hill, Carpenter & Co., of Providence, is reported to day. They were very extensively in the wool-trade, supplying manufacturers, and the depressed state of that interest has injured their credit for some time past. The amount of their habilities is variously stated, and is probably about a million and a half of dollars, of which a large amount is held in this City and at the West. Mr. Hill was president of the Arcade Bank.

James W. Nye, of New York, has been appointed Receiver of the Lewis County Bank, before whom the creditors of the bank must prove their claims by the 20th of the present month.

It may be proper to state, however, that, during the year, contracts were made for a large number of passenger-cars, which were paid for on delivery from time to time, in part by acceptances of the Company, principally at six months. The whole amount of these acceptances outstanding on 30th September, illst, was \$110,700, which has been reduced before the verification of this report to \$75,600.

Mr. William G. Harrison has been reelected President of this road. The following is a comparative statement of the re-

ceipts of the Pennsylvania Railroad, for the month

section of the Terre Hante Road from Alton to Litch-field, about forty miles, was delivered by the con-tractors to the Company, and the occasion was celebrated by an excursion to Litchfield. This part of the road passes through a beautiful country, promis-ing a heavy traffic for the road. The drat house was erected in Litchfield in March last, and it already contains a score of substantial dwellings and stores. On the eastern end of this road about thirty miles have already been opened, making seventy miles now in use. The remainder will be pushed vigorously to

completion.

The Cleveland, Painesville and Ashtabula Railroad Company have declared a semi-annual dividend

of 5 & cent., payable 2d January next.

The Fairfield County (Conn.) Bank has declared a semi-annual dividend of 3 P cent.

The Maine Railroad Corporation have declared a

dividend of \$4 4 share. The Hamilton Manufacturing Company a dividend

of 4 \$\tilde{V}\$ cent.

The Appleton Company a dividend of 4 \$\tilde{V}\$ cent. The Windsor (Vt.) Journal reports the failures of Latham & Co., manufacturers of locomotives, at White River Junction: and Taft & Co., scythe man-

ufacturers, at Taftsville.

The weekly statement of the Boston Banks, shows a slight increase of specie, and continued decrease of

The range of arriess from 6 to 166e. The most comm.

The range of prices is from 6 to 10 je. The most common rates of such Carie as are worthy the name of Herves, is 9j. 10 21 5je.

A good many scallarougs sold for 6 to 8c. Some passeshy fat, but coarse animals, such as old Oxen, Stars, Cows, and young Steers sold at 8d sec. A larger, proportion sold for owing than is at week. Sales were very slow, but on the work of the market for good Cartle is better than this day week and full hair a cent better than the shortion of a market on Monday.

Small as the number is to day, it appears ample for the demand. The best buying butchers were well represented, and all were willing to pay fair prices, but all conducted in one assertion, i.e., "I am selling no mest; I have never seen the "hutcher's business so dull; I am not killing half any name assertion, i.e.," I' am selling no mest; I have never seen the "hutcher's business so dull; I am not killing half any name "amber of Beever."

Consequently, though the number of buyers appeared to be shout the same as neval, they old not want half the number of Cartle that they did three mouths at Order of the same as never seen the second of the same as neval in more of the card, and wong to the immerse hog killing—to the mande are out of employ, and carnot afford and "money is tight."

The handsomest pair of Herves ever seen in these yards, were sold to-day by Geo. Aventur to Pantilla Nashaum, one of the largest butchers of levels. This was a pair of full blood, three years old Durlam Steers, raised by Capain Guillary, of Woodland County, Ky., and brought to market by Turkar & Baccurar. One is pure white, and the other red risk there, with remarkably fine bone and skin like velvel, and a very small head and medium, taper horn. The pair were estimated by butchers at 14 to 16 ext. of Beef each, and soid to \$4.50. At the highest estimate of weight, this is 15c. a pound.

sour or peace. At the highest estimate of weight, this is 15c, a point.

There may have been fatter carcases in market, but never more symmetrical ones. The feeder, drover, esteman and purchaser, are all entitled to high praise for their share in showing the people of this City that it is not necessary to eat such crowbeir as we saw in the very next pen.

The same purty had three beautiful, full-blood, white Durkem Heifers, very ist fed by David Coleman, of Fayette County, Ky., which had not been sold when we left the yard. The curver wanted \$6,000 for these and the Steers to save him from less. He paid the charges for one car all the way for these five and one other.

Mr. Ayractir is also, selling for Mr. Turner 25 hand of com-

from lies. He paid the charges for one car all the way for these five and one other.

Mr. Aykault is also selling for Mr. Turner 75 head of common Cattle some 15 of which averaged \$100 each, that was 10c. Some of the others will go lower.

Also, 35 head, 6d by his brother in Livingston County, N. Y., that will average \$65 and weigh 65 cwt each.

A very choice lot of our Country Beaves fed by Wm. A. White, of Durcheasto, and said to be the best average, 20 head, to the pards, were soid by Wheeler & Sherman to Peter Valentine, at \$65 each, estimated at full weight at \$61 cwt. They were 4 year old, driven from the West, and fed here about a year.

were a year old, driven from the West, and fed here about a Frant.

Thin a Banker had a drove of Dutchess, Putnam and West-chester Beeves, some of which were very good, but they, throughout, did not bring over 10c, or perhaps 10c.

Kelly & Derw have a drove of same kind, which they say it is hard to sell to paying customers at over 10c.

Walters Sherman has a drive of same kind, one pair of which nod to Devoe for \$240-called by haver 22 cwt, and by seller 32 cwt. Four chers said to Kelly at \$100. This is 10c.

A pair of Oven that have done good service, but were fully atted extinated at 19 cwt, said to Harris, at \$170. of Chantague Courty for \$2.0. This is 10cl. Others at \$100-10c.

Good Steers from same Country, at \$2.0.0c.

Back & Jankenhash have a pair of white Oxen and a man. Steer, grade Dutlanta, heid at 20 cwt, and 10cc, fed by Thos.

Selft, Dytchess Co.

Black & Isotathan have a pair of white Oxen and a roan Sterr, rande Dullama, held at Draws, and Uper, fed by Thes. Swift, Oxeclares County (Penn) extite, said by Watter & Uttake at the Uttake of the County of Penn) extite, said by Watter & Uttake at the Uttake Swift in the Swif
